Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A business is carried on in raising live-stock, and the Saguenay steamers bring a full complement of excellent cattle to the Quebec market. The great, in fact, almost the only drawback, is the want of means of communication. The cost of cartage from Chicoutimi, the head of navigation, to Lake St. John is enormous. To St. Felicien, a distance of about 100 miles (and not the most distant point, for there are settlers twenty miles further in, and will be a hundred miles still further), it costs from \$1 to \$i 50 per 100 lbs. for cartage. This is a terrible tax, especially on heavy and bulky goods, and on all produce; for example, coarse salt, which is worth from 50c. to 60c. per bag in Quebec, sells at Hebertville for \$i 60 to 82, at St. Jerome for 3 25, and at St. Prime and St. Felicien for \$350 per bag, and has even sold as high as \$6. Iron and molasses are similarly affected. Potatoes, when they can be sold at all, go for 20c. per bushel, and the best butter can be bought there for 15c. a pound,...
