Completely among the best pdf I actually have possibly read through. It is probably the most awesome pdf we have read. You wont really feel monotony at whenever you want of your time (that's what catalogs are for about in the event you ask me).

Excerpt: . . . and validation of packaged equipment, conveying and supporting government industry partnerships to obtain credible cost and performance data, and preparation of product verification reports for wide-spread distribution. Section 1. 6: Stakeholder Involvement EPA held a stakeholder meeting on July 22 and 23, 1997. Key stakeholders included States, water systems, and equipment manufacturers. One of the two major topics in this stakeholder meeting was the initial list of compliance technologies for the SWTR. This list was presented in the stakeholder draft of this document (EPA 815-D-97-002). Stakeholders were asked to review this list of compliance technologies for the three size categories of small systems. Stakeholder input resulted in several major changes to the stakeholder draft document: several of the technologies that were not listed or that were listed for a sub-set of the three small systems categories have now been listed for all size categories in this guidance document. In the stakeholder draft, EPA did not list technologies because of treatment technology implementability or performance consistency concerns. The stakeholders indicated that they preferred EPA to list the technologies along with the concerns rather than exclude these technologies from the list. The stakeholders indicated that they wanted the compliance technology list to provide more technology options for individual systems that have the capacity to operate more complex technologies. The stakeholders felt that the consistency concerns could be addressed through the site-specific pilot testing that can be required by the State. EPA agrees with these comments and the final guidance document reflects this change in approach. The...
